

10 CONSIDERATIONS FOR CHOOSING TRUSTEES AND PLANNING FOR INCAPACITY

November 2016

Author: Laura Weintraub Beck

In this presentation, Laura Weintraub Beck, a trusts and estates attorney with Cummings & Lockwood, discusses 10 considerations in choosing trustees and planning for incapacity. While we all want to believe we will always make the right decisions – and that we will always be able to do so – incapacity and death put an end to that control. In this presentation, she focuses on ways to implement the “next best thing” by planning for the day when someone else will have to make those decisions and deciding who that should be and what guidance they should have.
