

2023 CUMMINGS & LOCKWOOD FIRMWIDE ANNUAL UPDATE

January 30, 2024

We are pleased to bring you Cummings & Lockwood's 2023 Firmwide Annual Update. It includes our Chairman's letter, as well as highlights some of the significant legal work we have performed for clients in each of our four practice areas, the philanthropic organizations we have supported, and the professional recognitions we have received based on the quality of our legal counsel and representation.

Over the past year, Cummings & Lockwood has continued to grow and thrive, thanks in large part to our clients who have allowed us to handle their important legal matters, and to the countless professional advisors and business associates with whom we have closely worked throughout the year to help support our clients' needs.
